Job Title: Production Management

Position I Am Seeking: Management position in any field that will utilize my years of experience and success leading teams in a challenging and productive environment.

Background, Experience, & Education :

Managed multiple teams while overseeing all aspects of Safeco's in-house print, outsourced print, fulfillment and warehousing, copy-center and mailroom needs. Responsible for driving successful vendor relationships and managing \$1+ million in budget dollars.

Achieved on time, on budget delivery of over 500+ customer jobs per month.

Successfully managed daily operations, including team operating on two shifts.

Delivered efficient work plan for all projects going through the prepress department, press-room, bindery and fulfillment.
