Job Title: Teacher

Position I Am Seeking: I'm looking for a teaching job or a role in any kind of Christian support ministry. I'm open to whatever God has in store. My passions are in serving people, working with kids, helping global philanthropical causes, making a difference in people's lives.

Background, Experience, & Education : I've been a teacher for the last 17 years of 5th-8th graders, and for 9 of those years, I lived and taught overseas in China, South Africa, and South Korea. Beyond that I've worked as an academic adviser to transfer students at SPU, in a customer service position, and in ministry-related fields as a youth pastor, camp counselor, and short term missionary. I have Masters and Bachelors degrees from Seattle Pacific University, as well as a Bachelors degree from Multnomah University. These were in the fields of teaching and Biblical education. I'm happy to provide a resume and reference upon request.
